The 2020 Discussion Guide

LOUI: Hello, and welcome to UDL in 15 minutes where educators discuss their experiences with UDL. I'm Loui Lord Nelson, UDL author and leader. Some educators have returned to the classrooms, some are still teaching remotely, while others have begun their school break. Regardless, many are on information overload and would like some time and guidance for processing, so for today's episode I am posting a new discussion guide at my website, www.theudlapproach.com/media. It can be used with past and future episodes and has some questions specific to the shift to online teaching so many made. Here's to a safe and healthy week for all.

For those listening to this podcast, you can find supplemental materials like an image montage with closed captioning, that montage with audio descriptions, a transcript, and an associated blog at my website www.theudlapproach.com/media. Finally, if you have a story to share about UDL implementation for UDL in 15 Minutes, contact me through www.theUDLapproach.com. And thanks to everyone for your work in revolutionizing education through UDL and making it our goal to develop expert learners.
